

## Sunflower

### Sunflower Cultivation:

Delight in the beauty of sunflowers with the art of cultivation. Sunflowers, known for their vibrant blooms and cheerful demeanor, are easy to grow and make a stunning addition to any garden. Plant sunflower seeds in well-draining soil and provide them with full sunlight for optimal growth. Regular watering and occasional fertilization will ensure these resilient flowers thrive. Witness the joy of sunflower cultivation as these golden beauties turn their faces towards the sun, bringing warmth and brightness to your outdoor space.

### Key Aspects of Sunflower Cultivation with Coco Planter Bags:

1. **Ideal Growing Medium:** Coco Planter Bags are expertly crafted from high-quality cocopeat and husk chips, creating a nutrient-rich and well-aerated medium. This fosters robust root development, ensuring sunflowers receive essential nutrients and oxygen for optimal growth.
2. **Excellent Water Retention:** The cocopeat and husk chip blend in Coco Planter Bags offer superior water retention capabilities, preventing waterlogging while maintaining consistent moisture levels. This feature is particularly beneficial for sunflowers, as they require adequate hydration for healthy flowering.
3. **Customized Sizing:** Coco Planter Bags are available in various sizes, catering to different sunflower varieties and growth stages. Whether you're cultivating tall, branching sunflowers or compact varieties, Coco Planter Bags provide a perfect fit.
4. **UV-Treated Protection:** Coco Planter Bags are packed in UV-treated PE bags, ensuring protection against sunlight exposure. This safeguards the bags' integrity and longevity, providing durability for multiple sunflower growing cycles.
5. **Clean and Safe Environment:** Coco Planter Bags are free from weeds and pathogens, creating a clean and safe environment for sunflowers to flourish. This reduces the risk of diseases and pests, promoting healthy and thriving sunflower plants.
6. **Convenient Setup:** Coco Planter Bags' open-top design allows for easy planting and transplanting of sunflowers. Their lightweight and user-friendly nature make them an ideal choice for gardening enthusiasts of all levels.

7. Sustainable Cultivation: The eco-conscious composition of Coco Planter Bags, made from renewable cocopeat and husk chips, aligns with sustainable gardening practices. After use, the bags can be recycled or reused, minimizing environmental impact.

### Our Product Specifications

Product Name	Cocopeat Planter Bags / Open Top Grow Bags	Product Photo
Brand Name	Greenpeatcoco	
Material	100% Natural Cocopeat or Mixed with Husk Chip	
Moisture	Less than 20%	
EC Level	As per Customer spec	
Plants	Tomato, Cannabis, Sunflowers, Egg Plant	
Capacity	As per customer's requirement	
Packing	With 2-3 years UV treated LDPE 2 Layer Bag or Naked	
Weight	As Buyer's request	
Size	30x30x30cm or as per customer specifications	
Services	OEM / ODM / Private Label	
Customization	Possible	

**Specifications can be changed with the buyer's preferences**
