

## Cannabis

Cultivating cannabis requires extra care compared to other plants like herbs or greens. Cannabis plants have varying needs throughout their lifecycle, and providing the right conditions is essential for successful growth.

- **EC Ranges:** The recommended EC range for cannabis cultivation ranges from 0.5 to 2.0 to ensure proper nutrient delivery.
- **Temperature Requirements:** Cannabis thrives in an ideal ambient temperature of 75 degrees Fahrenheit and a nutrient solution temperature of 65 degrees Fahrenheit.
- **Nutrient Measurements:** Nutrients are often measured in Parts Per Million (PPM), which helps gauge the nutrient concentration in the solution.
- **Lighting Transition:** To initiate flowering, the lighting schedule must be adjusted accordingly.
- **Humidity:** Young cannabis plants prefer higher humidity levels (60-70%), which gradually drop to around 40% during the blooming phase.
- **Strain Varieties:** Cannabis has two main strains - Indica and Sativa. Indica strains are smaller and easier to grow, while Sativa strains are more potent but can be more challenging.
- **Growth Time:** The total time to grow cannabis can take up to 16 weeks (4 months), depending on the strain and growing conditions.
- **Propagation:** Cannabis can be started from seeds or clones.

### Recommended Products for Cannabis Cultivation:

**1. Coco Planter Bags:** Coco Planter Bags offer a versatile and efficient solution for cannabis cultivation, tailored to meet the diverse needs of growers.

- **Multiple Crop Cycles:** These bags can be used for several crop cycles without changing the growing media, ensuring consistency in plant growth and productivity.
- **Support for Plants:** Coco Planter Bags excel as pots for cultivating vegetables and flowers, making them well-suited for cannabis and other flowering plants.
- **Home Gardens:** The open-top design of Coco Planter Bags is ideal for home gardens, allowing for easy cultivation of cannabis, crops, flowers, and foliage.
- **Benefits:** These bags are crafted from high-quality cocopeat or husk chips, providing excellent water retention, aeration, and nutrient-holding capacities. They create a clean and safe environment for your plants, promoting healthy and thriving growth.

## Our Product Specifications

Product Name	Cocopeat Planter Bags / Open Top Grow Bags	Product Photo
<b>Brand Name</b>	Greenpeatcoco	
<b>Material</b>	100% Natural Cocopeat or Mixed with Husk Chip	
<b>Moisture</b>	Less than 20%	
<b>EC Level</b>	As per Customer spec	
<b>Plants</b>	Tomato, Cannabis	
<b>Capacity</b>	As per customer's requirement	
<b>Packing</b>	With 2-3 years UV treated LDPE 2 Layer Bag or Naked	
<b>Weight</b>	As Buyer's request	
<b>Size</b>	20x20x20cm or 20x20x15cm or as per customer specifications	
<b>Services</b>	OEM / ODM / Private Label	
<b>Customization</b>	Possible	

**Specifications can be changed with the buyer's preferences**

**Coco Grow Cubes:** Coco Grow Cubes serve as an exceptional seedling base for cannabis root development, specifically designed for plant nurseries.

- **Reduced Rejection Rate:** With independent control of water and fertilization during the seedling phase, Coco Grow Cubes minimize the risk associated with transplantation, leading to fewer plant rejections.
- **Rapid Root Growth:** The cubes promote rapid and dense root growth, ensuring healthy and vigorous plant development.
- **Organic and Eco-friendly:** Coco Grow Cubes are 100% organic and environmentally friendly, made from natural and sustainable cocopeat, offering an eco-conscious alternative.
- **Enhanced Nutrient Absorption:** The porous structure of the cubes enables enhanced nutrient absorption, ensuring efficient nutrient uptake by the cannabis plants.

- **High Water Retention:** Coco Grow Cubes have a high buffer capacity, retaining water to maintain optimal moisture levels for healthy seedling growth.

### Our Product Specifications

Product Name	Cocopeat Grow Cubes	Product Photo
Brand Name	Greenpeatcoco	
Material	Cocopeat	
Type	Cubes	
Moisture	Less than 20%	
EC Level	For Seed Germination	
Used With	Flower/Green Plant	
Design Style	Modern	
Plants	Flowers, Fruits, and Vegetables	
Size	10x10x6 cm, 8x8x6 cm, as per the buyer's preference	
Packing	Cling wrap (polythene) or naked	
Season	Farming Seasons	
Services	OEM / ODM / Private Label	
Customization	Possible
